Nepenthes vogelii photographed at Leiden Hortus Botanicus.

Drosera macrantha "Wongan Hills". Photographed by Dr. Robert Gibson.
Welcome to Carniflora News, a newsletter produced by the Australasian Carnivorous Plants Society Inc. that documents the meetings, news and events of the Society.

The current committee of the Australasian Carnivorous Plant Society Inc. comprises:

**COMMITTEE**

**President** - Wesley Fairhall  
**Vice President** - David Colbourn  
**Treasurer** - David Colbourn  
**Secretary** - Kirk ‘Fuzzy’ Hirsch  
**General Committee Member** - Barry Bradshaw

**DELEGATE**

**Journal Editor** - Dr. Robert Gibson  
**Newsletter Editor** - David Colbourn  
**Public Officer** - Kirk Hirsch  
**Website Manager** - Marina Chong  
**Social Media Coordinator** - Glen Moss  
**Merchandise Manager** - David Colbourn  
**Events Coordinator** - Jeremy Aitken  
**Seed Bank Manager** - Ian Woolf

**Sydney Coordinator** - Wesley Fairhall  
**Brisbane Coordinator** - Vacant  
**Canberra Coordinator** - Barry Bradshaw

**CALENDAR**

**MARCH**
1st March 2019 - AUSCPS meeting - Brisbane  
1st March 2019 - AUSCPS meeting - Canberra featuring Summer growing Drosera  
8th March 2019 - AUSCPS meeting - Sydney featuring Utricularia, Aldrovanda and Genlisea

**APRIL**
5th April 2019 - AUSCPS meeting - Brisbane  
5th April 2019 - AUSCPS meeting - Canberra featuring Dionaea  
6-7th April 2019 - Collectors' Plant Fair, Clarendon, N.S.W.  
12th April 2019 - AUSCPS meeting - Sydney featuring Nepenthes  
22nd April 2019 - Royal Easter Show - Carnivorous Plant Competition

**MAY**
3rd May 2019 - AUSCPS meeting - Brisbane  
3rd May 2019 - AUSCPS meeting - Canberra featuring Byblis, Drosophyllum and Roridula  
10th May 2019 - AUSCPS meeting - Sydney featuring Cephalotus and Heliamphora

**JUNE**
7th June 2019 - AUSCPS meeting - Brisbane  
7th June 2019 - AUSCPS meeting - Canberra focusing on greenhouse management  
14th June 2019 - AUSCPS meeting - Sydney featuring Carnivorous Bromeliads

**JULY**
5th July 2019 - AUSCPS meeting - Brisbane  
5th July 2019 - AUSCPS meeting - Canberra featuring Bog Gardens and Winter Plant Maintenance  
12th July 2019 - AUSCPS meeting - Sydney. AGM featuring Winter growing Drosera

**AUGUST**
2nd August 2019 - AUSCPS meeting - Brisbane  
2nd August 2019 - AUSCPS meeting - Canberra featuring Cephalotus and Heliamphora  
9th August 2019 - AUSCPS meeting - Sydney featuring Pinguicula

**SEPTEMBER**
6th September 2019 - AUSCPS meeting - Brisbane  
6th September 2019 - AUSCPS meeting - Canberra featuring Pinguicula and Utricularia  
13th September 2019 - AUSCPS meeting - Sydney featuring Nepenthes

**OCTOBER**
5th October 2019 - AUSCPS meeting - Brisbane  
5th October 2019 - AUSCPS meeting - Canberra featuring Nepenthes  
12th October 2019 - AUSCPS meeting - Sydney featuring Summer growing Drosera

**NOVEMBER**
1st November 2019 - AUSCPS meeting - Canberra featuring Sarracenia  
1st November 2019 - AUSCPS meeting - Brisbane  
8th November 2019 - AUSCPS meeting - Sydney featuring Sarracenia and Darlingtonia  
TBA - Triffid Park open day

**DECEMBER**
TBA - December 2019 - VCPS annual show, Collector's Corner, Melbourne  
6th December 2019 - AUSCPS meeting - Brisbane  
6th December 2019 - AUSCPS meeting - Canberra - Christmas Party and Plant Show

**JANUARY**
3rd January 2020 - AUSCPS meeting - Brisbane  
3rd January 2020 - AUSCPS meeting - Canberra  
10th January 2020 - AUSCPS meeting - Sydney featuring Dionaea (VFT)

**FEBRUARY**
7th February 2020 - AUSCPS meeting - Canberra focusing on CP resurrections  
7th February 2020 - AUSCP meeting - Brisbane  
14th February 2020 - AUSCPS meeting - Sydney featuring Byblis, Drosophyllum and Roridula
MEMBERSHIP RENEWAL
Membership to the Australasian Carnivorous Plant Society Inc. (AUSCPS) is due now. Membership to the Society is $25 per calendar year, or $35 if you require printed journals with your membership. The AUSCPS is a non-profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

Membership entitles you to two editions of our journal, Carniflora Australis, subsidised seed from our seed bank, discounts off books and other merchandise and access to sell plants at meetings and fairs attended by the Society. A membership form is attached to this newsletter with instructions on how to make payment.

CARNIFLORA AUSTRALIS
The March 2019 edition of Carniflora Australis, our bi-annual journal, is out now. This edition features articles on:

- Managing diseases in Sarracenia,
- Travels in the Western Cape, South Africa (Part 2),
- Orange flowered Drosera menziesii variant, and
- Spiders and cultivated carnivorous plants.

Contributions including articles, letters, photographs and drawings to the journal are greatly appreciated and may be forwarded to the Society's postal address or on-line. Contributions to the journal may be submitted on CD, DVD, pen drive or by email. Use Microsoft Word whenever possible. For instructions on submitting photographs and diagrams please contact the editor (auscps@gmail.com).

ROYAL EASTER SHOW CARNIVOROUS PLANT COMPETITION
The Australasian Carnivorous Plant Society Inc. is sponsoring the Carnivorous Plant competition again in 2019 at the Royal Easter Show in Sydney. Entry to the competition is open now and closes on Wednesday the 13th March 2019.

The Royal Easter Show will run from the 12th to the 23rd of April 2019. The Carnivorous Plant competition will be held on Monday the 22nd of April. The competition is a great way to display these wonderful plants to the general community and add a new dimension to the hobby with a bit of friendly rivalry.

Plants can be shown under the eight categories below with first prize winners receiving $20 and second prize winners receiving $10 each. The Grand Champion plant with receive a trophy:

CLASS 601 - Dionaea (Venus Fly Trap), single plant, in pot not exceeding 200mm.
CLASS 602 - Drosera (Sundew), single species, in pot not exceeding 200mm.
CLASS 603 - Nepenthes, single species, minimum 3 pitchers, in pot not exceeding 350mm.
CLASS 604 - Nepenthes, single hybrid plant, minimum 3 pitchers, in pot not exceeding 350mm.
CLASS 605 - Sarracenia, multiple crown single species, minimum 3 pitchers, in pot not exceeding 200mm.
CLASS 606 - Sarracenia, multiple crown single hybrid plant, minimum 3 pitchers, in pot not exceeding 200mm.
CLASS 607 - Australian Native single carnivorous plant, single species, in pot not exceeding 200mm.
(S6080) - CHAMPION CARNIVOROUS PLANT
All first prize winning Carnivorous exhibits are eligible.

ROYAL EASTER SHOW INFORMATION TABLE
The Society will be manning an information table on Monday the 22nd of April. If you would like to volunteer a few hours of your time and answer questions by people interested in Carnivorous Plants, please contact David at auscps@gmail.com. Entry to the show is free for volunteers.

COLLECTOR'S PLANT FAIR
The CPF will be held over the weekend on 6-7th April 2019 at the Hawkesbury Racecourse. The Society is seeking volunteers to man the stall on Sunday the 7th from 9am to 3pm. Please contact David at auscps@gmail.com if you would like to volunteer.
CEPHALOTUS - THE ALBANY PITCHER PLANT
Redfern Natural History Productions will be releasing a book about *Cephalotus* in March. The book is limited to 500 copies and will be signed by the authors, Nick Kalfas, Richard Nunn and Adam Cross. Pre-orders are available now for about AU$75 delivered. See the classifieds page for more information.

FUND RAISING RAFFLE
The AUSCPS is holding a new raffle for 2019. The prize is a copy of Redfern Natural History's limited edition *Cephalotus* - the Albany Pitcher Plant. Tickets are $2 each or three for $5. Sales will be available at our meetings or online via PayPal. Just use the payment instructions on our membership form and indicate the purchase is for raffle tickets.

MEETINGS IN PERTH
The AUSCPS has been informally seeking interest from members and friends in Western Australia to participate in the establishment of meetings in the Perth area. We have received significant interest from people wanting to attend such meetings on a regular basis. The Committee has given approval to formally seek a team of members to find a suitable venue and commence monthly meetings under the banner of the AUSCPS. If you would like to be involved in the commencement and establishment of meetings in Perth, please contact David at auscps@gmail.com.

GUEST SPEAKERS
Initial feedback from our survey indicates you want more guest speakers. Whilst we are still planning the year ahead, we can confirm the following presentations:

- Sydney - February - David Colbourn - Growing *Byblis* and *Drosophyllum*
- Sydney - March - Greg Bourke - *Utricularia*
- Sydney - May - Greg Bourke - *Heliamphora*
- Sydney - July - David Colbourn and Glen Moss - Tuberous *Drosera* of W.A.
- Sydney - August - David Colbourn - Growing *Pinguicula*

REVIZIONS IN NEPENTHES FOLLOWING EXPLORATIONS OF THE KEMUL MASSIF AND THE SURROUNDING REGION IN NORTH-CENTRAL KALIMANTAN, BORNEO
An expedition led by Alastair S. Robinson to the highest peak of the Kemul Massif located a number of different *Nepenthes* taxa, including the type populations of *N. fusca* and *N. mollis*, neither of which have been observed *in situ* since they were first collected in 1925. Studies of the type form of *N. fusca* show that two further species should be considered, one largely restricted to Sabah’s Crocker range —here reinstated as *N. zakriana*— the second a southerly distributed species from Brunei, Sarawak and Kalimantan, named here as *N. dactylifera*. Analysis of the type population of *N. mollis* indicates that *N. hurrelliana* is a heterotypic synonym of *N. mollis*, and reveals an additional undescribed *Nepenthes* species from Sarawak and Kalimantan with a widespread but highly localised range.
MEETINGS

The Australasian Carnivorous Plant Society holds meetings in Queensland, New South Wales and the Australian Capital Territory. Meetings are a great place for members and friends to socialise, share experiences, and buy, swap and sell Carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering Carnivorous Plants in the wild, or how best to cultivate them in your environment.

We hope you are able to attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

SYDNEY

The Sydney chapter of the AUSCPS meets at 7:30pm on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421271888 or David on 0410643531 if you have any questions about attending this meeting.

BRISBANE

The Brisbane chapter of the AUSCPS is currently on hold with Alan stepping down due to work commitments. Brent Jones is looking at finding an alternative venue. If you would like to assist in hosting the meetings, please contact Brent at brent.jones@outlook.com

CANBERRA

The Canberra chapter of the AUSCPS meets at 7:30pm on the first Friday of each month at the Downer Community Hall, Frencham Place, Downer, A.C.T. Call Barry if you have any questions about attending this meeting (0417 219477).
MINUTES

SYDNEY MEETING MINUTES

MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC.
HELD ON FRIDAY, 8TH FEBRUARY 2019
WOODSTOCK COMMUNITY CENTRE, CHURCH STREET, BURWOOD

The meeting opened at 7:40 p.m.

PRESENT
There were 12 members in attendance.

APOLOGIES
Jeremy Aitken, and Joan Fairhall.

NEW MEMBERS
Darren Parsons

MINUTES OF PREVIOUS MEETING
The minutes of the January 2019 meeting were tabled. Those present were asked to confirm the accuracy of the minutes and to suggest changes, omissions or corrections. In the absence of any corrections, omissions or corrections a motion was raised that the minutes be accepted following feedback the minutes were to be updated. Wesley raised a motion that the minutes with updates be accepted by those present.

Moved by: Glen Carson
Seconded by: Ian Woolf
Motion: Carried

BUSINESS ARISING
1. Entries for the Royal Easter Show Carnivorous Plant competition close on Wednesday 13th March. The competition will be held on Monday the 22nd of April. Think about what plants you can put in for the two days for which the show runs. When you enter, best to over-estimate what you may bring. Laurie Pascoe will be the judge this year, ably assisted by Wesley. More information is available at https://www.rasnsw.com.au/sydney-royal-competitions/flower--garden/ and http://www.rasnsw.com.au/sydney-royal-competitions/competitions/arts--craft/key-dates--schedule/

2. The AusCPS has a new fund-raising raffle. This one is for a copy of the soon-to-be-published book on ‘Cephalotus – the Albany Pitcher Plant’ by Redfern Natural History Productions. Tickets are $2 each or three for $5. They may be purchased at meetings or on-line using PayPal. The raffle will be drawn at the January 2020 meeting.

3. Our Gardens Insurance due in April. We need to check that it is paid automatically as this affects the Society’s ability to participate in shows and other events.

4. Guest speakers will be present at five meetings in 2019. They are:
   8th February: Growing Byblis and Drosophyllum by David Colbourn;
   8th March: Utricularia by Greg Bourke;
   10th May: Heliamphora by Greg Bourke
   12th July: Tuberous Drosera of Western Australia by David Colbourn and Glen Moss; and
   9th August: Growing Pinguicula by David Colbourn.

5. The Collectors’ Plant Fair at Clarendon will be held on the weekend of 6th – 7th April [http://www.collectorsplantfair.com/]. The Society has paid for a stall. Volunteers are needed, particularly on Sunday 7th April. Please consider volunteering some time to run the stall, and also to have plants for sale. Names of volunteers can be added in the table below

1. Remember that the AusCPS will take a 15% commission on plant sales, and this helps cover the costs of attending, and also running the Society during the year. This year there will be one genus of plants on each table. Sellers also need to allow space for other growers who will set up on the Saturday. There may be a limit, or understanding on how many plants people may have for sale at any one time. Excess plants may be stored under the tables. We are on the grass again. The overall map of the fair has not yet been released. Shade umbrellas have been hired with the hire of the stall site. The EftPos machine will need to be checked at the March meeting.

PLANT OF THE MONTH: *Byblis, Drosophyllum and Roridula*

The following plants were brought in for the ‘Plant of the Month Competition;

<table>
<thead>
<tr>
<th>Rank</th>
<th>Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td><em>Byblis liniflora</em> (SP) [7] (bottom right)</td>
<td></td>
</tr>
<tr>
<td>2.</td>
<td><em>Byblis liniflora</em> (DC) [0]</td>
<td></td>
</tr>
<tr>
<td>3.</td>
<td><em>Byblis gigantea</em> [3] (top right)</td>
<td></td>
</tr>
</tbody>
</table>

The winner was *Byblis liniflora* grown by Sean Polivnick. Many plants were sown in the one pot in October 2018 and have formed a dense clump in the pot. Plants are starting to flower and look great.

Other plants:
1. *Drosera schizandra*
2. *Nepenthes truncata* x *merrilliana*
3. *Drosera fulva*
4. *D. affin lanata*
5. *D. broomensis*
6. *Ibicella lutea*

The meeting closed at 8.35 p.m. and members adjourned for supper provided by Marina and Wesley.

The next meeting is a General Meeting, and will be held at Woodstock Community Centre on Friday 8th March, 2019 starting at 7.30 p.m. The next ‘Plant of the month’ are *Aldrovanda* and *Genlisea*. 
The meeting opened at 7.30 pm

PRESENT
There were 9 members in attendance.

APOLOGIES
Ross Rowe, Anthony Field, Owen O’Neill, Chris Duffy, John Nielsen, Kirra Lynam, and Christian Fricker

GENERAL BUSINESS
Money collected at the meeting included $24.50 in gold coin donations. Revenue from gold coin donations now totals $135.50 – note that $40 from revenue is allocated to venue hire for the January and February meetings leaving a sub-total of $95.50. An additional $248 has been raised from plant sales.

BUSINESS ARISING
The meeting began by welcoming our newest member – Damian Porombka.

Planning for upcoming events was discussed, including:

- Old Bus Depot Markets Plant Sale on February 10th – current sellers include Owen O’Neill, Robert Little, Chris Duffy and Barry Bradshaw. Other members are encouraged to also participate by either selling plants or volunteering at the stall.

- An Introduction to Carnivorous Plants Workshop has been organised for the Society of Interesting Women at the Downer Community Centre on February 15th (5.30 – 7.30 pm). Barry Bradshaw, Chris Duffy, Robert Little and Owen O’Neill have volunteered to run the workshop, which will include an interactive discussion on the world of carnivorous plants and cultivating and propagating carnivorous plants, with participants potting and taking home some common Drosera.

- The Horticultural Society of Canberra has previously asked the AusCPS to provide plants for the Carnivorous Plant category in their Autumn Flower Show (March 2nd – 3rd). Chris Duffy is currently trying to find a contact person at the Horticultural Society.

- General business was followed by an informative open discussion on member’s experiences bringing their plants back from the dead. Some key points were to understand the plants and their life cycle (e.g. do they have natural dormancy periods), give most plants a year to potentially come back to life, treat pests and diseases quickly and isolate diseased plants from healthy ones, and consider repotting and/or repositioning unhealthy plants that have no obvious pests or diseases.

PLANT OF THE MONTH
The following plants were bought in for the ‘Plant of the Month’ competition.

1. Sarracenia purpurea – grown by Robert Little
2. Sarracenia x catesbaei – grown by Robert Little
3. Darlingtonia californica – grown by Robert Little
4. Sarracenia purpurea – grown by Barry Bradshaw
5. Drosera laitifolia – grown by Barry Bradshaw
6. Dionaea muscipula – grown by Bastien Small
7. Drosera venusta – grown by Bastien Small
8. Sarracenia purpurea – grown by Monica Kempster
9. Nepenthes – grown by Denise Palmer

The winner was Sarracenia x catesbaei (pictured right) grown by Robert Little.

The meeting closed at 9.30 pm. The next meeting will be held at the Downer Community Centre on Friday March 1st 2019 at 7.30pm – the meeting theme will be summer growing Drosera.
ALDROVANDA
Plants remain in active growth and divide rapidly. Keep algae under control.

BROCCHINIA / CATOPSIS
Maintain high light levels and humidity. Fertilise with a diluted foliar application of urea free fertiliser.

BYBLIS
*Byblis gigantea* and *lamellata* are naturally dormant over summer but may be kept in growth with constant soil moisture. Keep the soil moist to wet. Flowering ends. Harvest seed. Treat seed with Ga3 or smoke water and sow in early autumn.

The northern annual species of *Byblis* are in active growth. Growth rates will be higher in hot and humid conditions. Cross pollinate the flowers to ensure seed set.

Growth rates for all species of *Byblis* may be accelerated with increased prey capture or fertilisation. Place some rotting fruit around the plants or sprinkle granulated fish food onto the leaves. Pollinate the flowers using the “buzz” technique.

CEPHALOTUS
Keep the soil moist but well drained. Avoid fungal problems by keeping good air movement around the plants.

DARLINGTONIA
*Darlingtonia* will be in active growth. Stolons will begin growing under the substrate. Watch out for hot days. Place your plants in more shade or consider bringing them indoors during hot weather. Night temperatures are high so it is imperative that the roots are kept cool.

DIONAEA
All VFTs should be in active growth. Keep well watered. Plants may be divided and repotted.

DROSERA
Tuberous *Drosera* begin to break dormancy. Keep the pots barely moist until the stolon emerges above the surface of the soil. Treat seed with Ga3 or smoke water and sow in early autumn.

Pygmy *Drosera* break their dormancy in autumn. Increase watering.

Other Winter growing species such as *D. cistiflora* and *pauciflora* begin to break dormancy soon. Increase watering when growth begins. Treat seed with Ga3 or smoke water and sow in early autumn.

Tropical and sub-tropical species will be in full growth and flower. Keep the soil very moist. Collect seed and sow onto a peat based media.

Temperate *Drosera* such as *D. filiformis*, *D. intermedia* and *D. rotundifolia* may become dormant and form a winter hibernacula.

DROSOPHYLLUM
*Drosophyllum* will be in active growth. Growth rates increase with increased prey capture. Seed may be sown now. Scarify the hard seed coat or pour boiling water over the seed for a few seconds and then soak in water for 24 hours before sowing.

GENLISEA
*Genlisea* should be in flower and active growth. Keep the water levels high with these species.

HELIAMPHORA
Keep plants in a bright and very humid location. Avoid temperatures over 30°C. Fertilise with a diluted foliar application of urea free fertiliser every 2-4 weeks.

NEPENTHES
Some *Nepenthes* struggle over the Australian summer. Aim to keep the lowland plants warm to hot and in high humidity.

Highland species require cooler nights. Mist in the afternoon to reduce air temperatures and increase humidity.

PINGUICULA
Mexican species/hybrids are in active growth. Keep the soil moist and humidity high.

Warm-temperate species such as *P. primuliflora* and *lusitanica* will continue growth. Keep the water up to *P. primuliflora* and take leaf cuttings.

RORIDULA
*Roridula* is in active growth. Flowering ends. Harvest any seed. Keep the soil moist and place in a very bright and airy situation with low humidity.

SARRACENIA
All *Sarracenia* species/hybrids are in active growth. Keep well watered and in full sun. *S. flava* and *S. oreophila* will produce non-carnivorous phyllodia. *S. leucophlla* and *S. rubra* will produce larger and more upright pitchers. They look their best in autumn.

UTRICULARIA
Most terrestrial *Utricularia* will be in active growth and flower. Keep moist to wet.

Aquatic *Utricularia* are in active growth. Keep algae under control.

Winter growing species, such as *U. multifida* and *U. menziesii* are still dormant. Keep the soil barely moist.
CONTACT CARDS
The Society now produces a business sized card with all of our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

SEED BANK
There currently is a good range of seed available in the Seed Bank. Seed packets are $1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Officer is Ian Woolf. Email: iwoolf@gmail.com. The seed bank list is contained at the end of this newsletter.

SMOKE DISCS
Smoke discs aid in the germination of difficult species of Drosera, Byblis etc. that often germinate after a bushfire. The discs are available for $5.00 each at meetings or contact Ian Woolf on iwoolf@gmail.com

T-SHIRTS
T-shirts printed with our logo on the front are available for $35 each. These T-Shirts are a great way to promote and support the Society at functions and shows. To order the T-Shirts, contact David at auscps@gmail.com.

BASEBALL CAPS
Baseball caps printed with our logo on the front and name on the back are now available on order for $35 each. To order, contact David at auscps@gmail.com
FIELD GUIDE TO THE CARNIVOROUS PLANTS OF SYDNEY AND THE BLUE MOUNTAINS
The Society is currently developing a field guide for the Carnivorous Plants of the Sydney and Blue Mountains region. The booklet details all 19 species in the area and will be about 44 pages long. The booklet will feature a detailed map with specific information on where to find the best population of each species. The price of the book has not yet been determined but is expected to be less than $25.

THE SAVAGE GARDEN
The Society is also selling copies of the second edition of “The Savage Garden” for members and friends to purchase. The Savage Garden, by Peter D’Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for $30 and to non-members for $35. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for $12. Contact David at auscps@gmail.com to order.

POTTING MIXES
The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality Sphagnum Peat Moss, Mexican Pinguicula, Nepenthes and Sarracenia mixes. Each bag is $5 and may be purchased from meetings or events.

**Cephalotus**
the Albany Pitcher Plant

"Cephalotus—the Albany Pitcher Plant" is the first monograph of the monotypic *Cephalotus follicularis*, a species that is instantly recognisable for its distinctive and charismatic insect trapping leaves. This generously illustrated volume features original botanical art and photographs documenting this remarkable Australian endemic in unprecedented detail, with the most up to date summary of its status in the wild along with new genetic analyses of the majority of known populations.

Only 500 copies of this limited edition work will be produced, all signed by the co-authors and priced at £32.99. Expected to ship in the 4th quarter of 2018.

Visit www.celtecnaturalhistory.com/books/cepalotus to reserve your copies!
FOR SALE

Greenhouse for sale in the Brisbane area. 14.74m² Argosee Brand Greenhouse. (LxWxH): 507x298x250cm. Please contact Louise Whittering on lwhitter@bigpond.net.au for details.

FOR SALE

1 x medium T-Shirt from Plants with Bite - $25. Please contact Ian on iwoolf@gmail.com.
MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a non-profit organisation formed in December 2002 to promote the education, cultivation and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank, ability to sell plants at official stalls at which the society participates, monthly E-newsletters, and two editions of *Carniflora Australis*, our high quality biannual journal. Membership is $35 per year, however if you wish to receive electronic versions of the journal, membership is only $25 per year (valid email address is required). Payment options are detailed below:

**CASH, MONEY ORDER OR CHEQUE**

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:

- Membership Secretary
- Australasian Carnivorous Plant Society Inc.
- PO Box 70, Burwood, NSW 1805 AUSTRALIA

**DIRECT DEPOSIT**

Banking details are below. Please add your email address and name as payment reference. Alternatively, email the Membership Secretary at auscps@gmail.com to advise of your payment and attach the completed form below:

- Acc. BSB: 112879
- Acc. Number: 195074412
- Ref: Use your name and email address

**PAYPAL**

Use the “Send Money” tab to make your payment. Use the current PayPal email address auscps@gmail.com. Set your fee (depending upon membership option). Add your name, mailing address, email address and phone number in the notes tab. You will receive an automatic receipt from Paypal.
