Sep 2024 AUSCPS meeting - Brisbane

NEWS

MEMBERSHIP RENEWAL

Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is \$20 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not for profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

JOIN NOW

Becoming a member of our society offers great benefits such as receiving two editions of our journal, *Carniflora Australis*, 12 monthly newsletters, *Carniflora News*, seed subsidies, discounts on merchandise, access to our free library, and the ability to sell plants at fairs and events attended by the Society. Simply fill out the membership form included in our newsletter and follow the payment instructions.

INSTAGRAM PHOTOS

We are looking to expand our file of quality photographs used in the newsletter and on our Social Media platforms. If you have any photos that you think may be suitable for publication, please forward them to glenncarson@iinet.net.au

CALL FOR ARTICLES: CARNIFLORA AUSTRALIS

We are currently low on content for our upcoming editions of *Carniflora Australis*. Do you have an idea for an article? Write it down and send it our way! We are happy to assist with polishing your piece. Below are some suggestions for article topics:

- Specific cultivation techniques
- Carnivorous plant field trips
- Propagation techniques
- Your favorite plant and why
- How your collection began
- Feeding and care tips

Don't hesitate to contribute to our publication. We look forward to reading your submissions!

SEEDBANK

The current list of seeds in the Seedbank is very large. Rather than bring it to every meeting, which can be difficult, it is recommended that seeds are ordered via email. After payment has been received the specific order can be brought along to the meetings or posted in the normal way.

INTERNATIONAL CARNIVOROUS PLANT SOCIETY NEWS

NEW SEED ADDITION

Any member interested, *Drosera monantha* seed has been collected from Corrigan in September 2023. Photo of plants on back page.

NEW SPECIES ALERT!

Drosera maanyaa-gooljoo, a new species of *Drosera* section *Arachnopus* (*Droseraceae*) from the Buccaneer Archipelago and Yampi Peninsula, northwest Kimberley region, Western Australia

Abstract

Drosera maanyaa-gooljoo, a new annual species of *Drosera* section *Arachnopus* from the remote Buccaneer Archipelago and Yampi Peninsula in the northwest Kimberley region of Western Australia, is described and illustrated. *Drosera maanyaa-gooljoo* is a distinctive species that differs in morphology and indumentum from all previously known taxa of *D.* section *Arachnopus*.

Comprehensive photo plates comparing all morphological details, as well as seed shape and structure, with those of the putatively related *D. barrettiorum* and *D. hartmeyerorum* are provided. Given *D. maanyaa-gooljoo* is only known from two small populations, a Priority One status under Conservation Codes for Western Australian Flora is recommended.

Both populations occur within exclusive Native Title lands of the Dambimangari and Mayala Traditional Owners. This exciting new species discovery highlights the importance of both consultation with Indigenous people and herbarium revisions for alpha taxonomy and biodiversity research.

MEETINGS

The Australasian Carnivorous Plant Society Inc. currently holds meetings in New South Wales, the Australian Capital Territory and Queensland. Meetings are a great place for members and friends to socialise, share experiences, buy, swap, and sell carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering carnivorous plants in the wild, or how best to cultivate them in your environment.

We hope you can attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

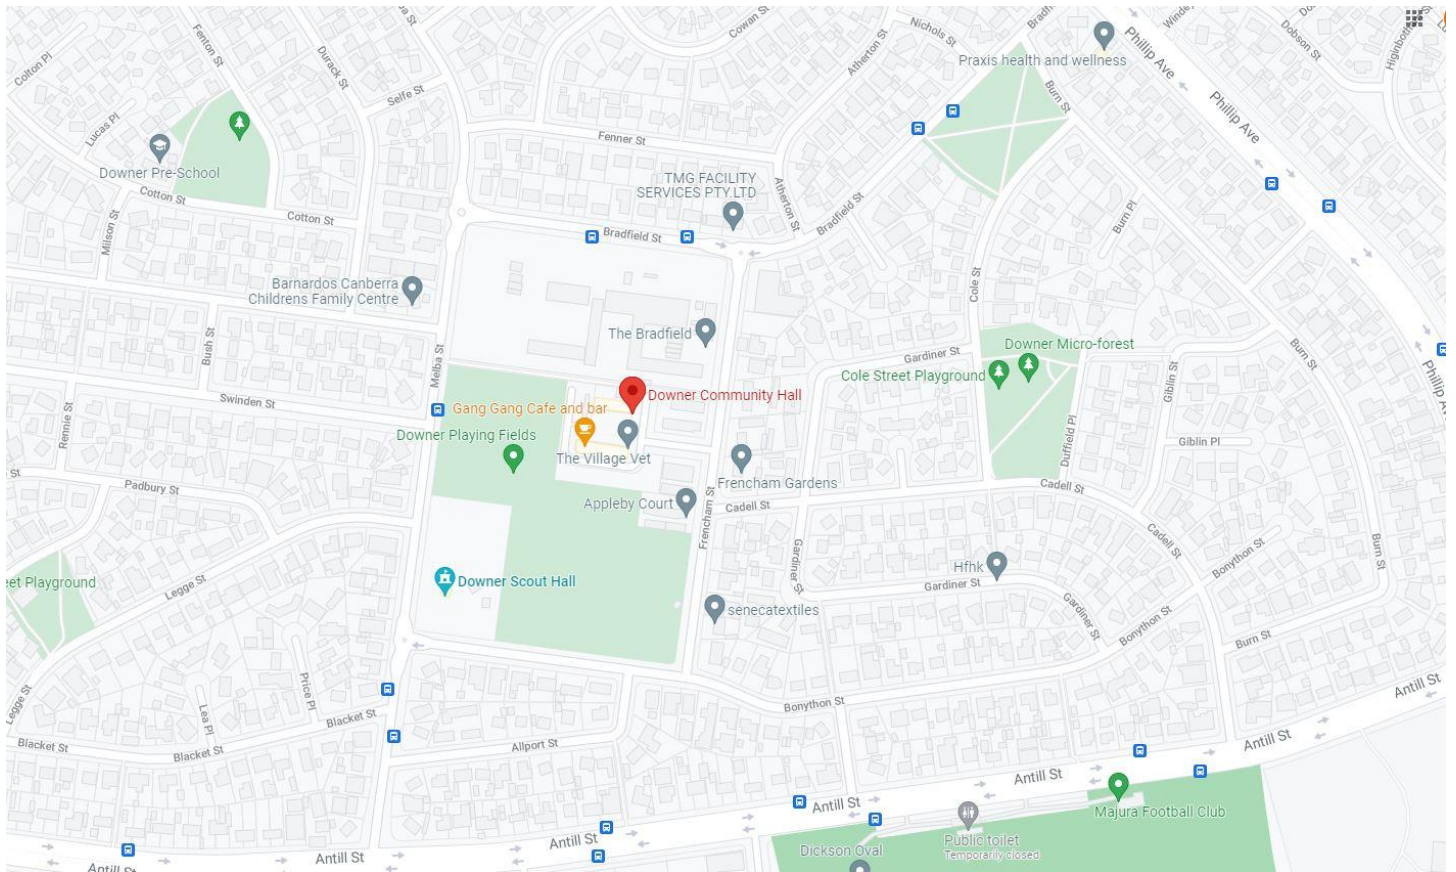

SYDNEY

The Sydney chapter of the AUSCPS meets at 7:30 PM on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood, NSW. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421 271 888 or David on 0410 643 531 if you have any questions about attending meetings.

CANBERRA

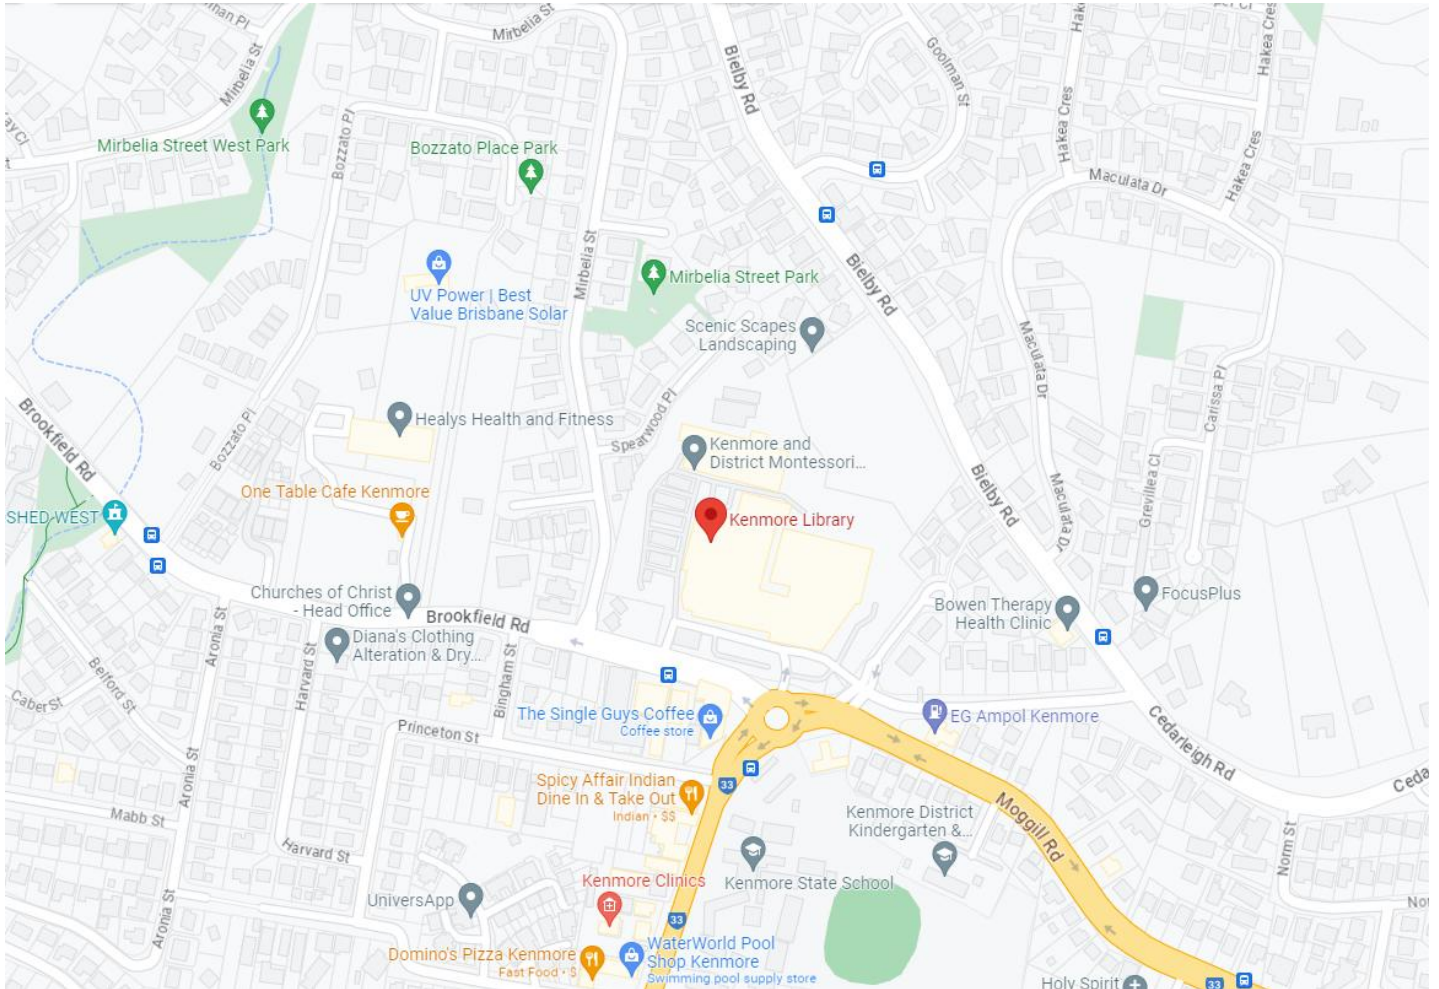

The Canberra chapter of the AUSCPS meets at 7:30 PM on the first Friday of each month at the Dickson Community Hall, Frencham Place, Downer, A.C.T. Contact John Nielson zelotypia.stacyi@gmail.com or Cassie Rogers bonnie.nepenthes@gmail.com if you have any questions about attending meetings.

BRISBANE

The Brisbane chapter of the AUSCPS meets at 7:00 p.m. on a Wednesday once a month (please refer to the calendar for dates) at the Kenmore Library, Kenmore Village, 9 Brookfield Road, Kenmore, QLD, 4069

Please contact Alan at alanjhaase@gmail.com for further details.

AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC – SYDNEY CHAPTER

MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC.

HELD ON FRIDAY, 8th SEPTEMBER, 2023

WOODSTOCK COMMUNITY CENTRE, CHURCH STREET, BURWOOD

The meeting opened at 8:00 p.m.

PRESENT

There were 11 members and 7 non members in attendance.

APOLOGIES

Helmut Kibbelins, David Colbourn, Ian Woolf

MINUTES OF PREVIOUS MEETING

The minutes of the 11th August, 2023 meeting were tabled. Those present were asked to confirm the accuracy of the minutes and to suggest changes, omissions or corrections. In the absence of any corrections, omissions or changes a motion was raised that the minutes be accepted.

Moved by: Glenn Carson
Seconded by: Kirk 'Fuzzy' Hirsch
Motion: Carried

Special welcome given to John Nielson from the Canberra Chapter

BUSINESS ARISING / GENERAL BUSINESS

1. Kariong Plant Lovers Fair is on Saturday 16th and Sunday 17th September. We have a double stall. We also have four additional passes for volunteers, for a total of six to attend our stall at any given time. Volunteers have free entry and get time to shop several minutes before the masses enter the gates. Fuzzy and Rob will be there Saturday and one of them in Sunday. Dave will be there on Saturday, Jeff will be there Saturday and Sunday and will bring a table, Gordon Hanna is attending Saturday and Sunday and has a photo display that can be brought if wanted, with his wife Lyn available on Sunday if needed. Marion will also be attending Saturday and Sunday. Details for set up and organisation on the day have been received by Fuzzy.
2. Wollondilly Shire Council is putting on a plant fair and garden expo is on Sunday 5th November, not the 30th October as previously noted. At the Picton Botanic Gardens, Regreme Road, Picton. The fees for a stall are quite reasonable. Registrations are now open for stalls. Dave is co-ordinating for our society to attend.
3. The AUSCPS Annual Show this year will be Saturday 9th December 9am – 3pm in the Fitzroy Hall. Normal monthly meeting is still on Friday 8th December in the current meeting room.
4. Field guides for Sydney, Canberra and Melbourne areas are available for purchase. Copies available \$20.00 non-members \$15.00 members.
5. Dave has mentioned organising a field trip with society members looking for CPs in the Blue Mountains area 24th September. Glenn has details, names/contact details taken from members wanting to attend. Meet at Penrith.
6. Robert Gibson asked for articles for our biannual journal to members, yet more articles for future publications are always welcome. September Journal is being finalised and will be sent to printer shortly.
7. ACPS business cards have been reprinted with QR code (link to website). Dave has organised.
8. Marina to look into a second card reader to be purchased for the society. Not at meeting tonight.

From the floor:

Stewart McPherson has released – “Nepenthes The Tropical Pitcher Plants” a 3 Volume Set
Published By: Redfern Natural History Productions Ltd
Pages: 1350
Illustrations and other contents: 3000+ colour photos

CORRESPONDENCE

INCOMING:

NSW Fair Trading – Acceptance annual 2023 financial statement.

NSW Fair Trading – Acceptance annual 2018 – 2021 financial statements.

Flyer – Bundanoon Garden Ramble 28 & 29 October.

Letter from Paul Simmons – availability of self-published book “Ant Plants of Australia”

Kenmore Library Meeting Room Bookings for 2024 – forwarded to Alan Haase & Brent Jones.

International Carnivorous Plant Society – dates of Zoom Meetings.

Kariong Plant Lovers Fair Exhibitor Information.

OUTGOING:

NSW Fair Trading – Submission 2018 – 2021 annual financial statements.

Fee \$384.00

Green Square Plant Party invitation – inability of members to provide stall.

TREASURER’S REPORT

There’s \$4271.76 in the bank.

Kirk Hirsch

Accepted

Rob Gibson

Seconded the motion.

MEMBERSHIP REPORT

There are 79 members currently for 2023, Fuzzy has been having computer issues, so was unable to access list for meeting. Everyone has access to journals or has access to the .pdf, including other societies that share their journals with us.

PLANT OF THE MONTH

The theme for Septembers ‘Plant of the Month Competition’ are Australian Native Carnivorous Plants. Members entered the following plants:

<i>D. binata multifida</i>	(6)	(12)
<i>D. rosulata</i>	(1)	
<i>D. macrantha</i>	(2)	
<i>D. stolonifera</i>	(6)	(8)
<i>D. binata sr</i>	(2)	
<i>Cephalotus</i>	(4)	

The winner was: *D. binata multifida* grown by Glenn Carson.

Glenn grows this in full sun with about 2cm water level all year round. The media mix is 3 parts peat and 1 part perlite. There are *Drosera spatulata*, pigmy *drosera* and *utricularia* scattered around the pot as well.

Fuzzy gave a talk in regards to the above plants and Australian *Drosera* in general.

The meeting closed at 20.40 p.m.

The next meeting will be on Friday, 13th October and the next 'Plant of the Month' will be *Utricularia* and *Genlisea*.

President

David Colbourn

Date: _____

Drosera binata var *multifida* - by Glenn Carson

Drosera rosulata 'Christmas Tree Well' - by Fuzzy

Drosera stolonifera

IN THE GREENHOUSE

ALDROVANDA

Plants are in active growth. Consider adding fresh decomposing leaf litter to the water to add CO₂. Keep water free of frogs and tadpoles, as they may eat the plants. Plants may be grown in shade to reduce algae growth.

BROCCHINIA / CATOPSIS

Maintain high light levels and humidity. Protect from frost. Feed with 1/4 strength urea free liquid fertiliser every 4 weeks or so.

BYBLIS

Byblis gigantea and *lamellata* will be in full growth. Flowering begins. Cross pollinate flowers using the “Buzz” technique. Keep the soil moist.

The northern annual species of *Byblis* may be sown now. Germination commences when temperatures regularly reach 30°C. Artificial heat and/or smoke/GA3 treatment will induce germination.

CEPHALOTUS

Keep the soil moist but well drained. Avoid fungal problems by keeping good air movement around the plants. Flowering occurs in mid to late Spring.

DARLINGTONIA

Darlingtonia are in growth and flower. Keep moist and expose to cold temperatures for as long as possible. Stratified seed will begin to germinate.

DIONAEA

All Venus Fly Traps are in active growth with fresh leaves and flowers. Consider removing the flower spike and use in vegetative propagation.

DROSERA

Tuberous *Drosera* begin their dormancy with most species becoming dormant with the warmer weather. Reduce watering.

Pygmy *Drosera* will begin to flower as temperatures increase. Keep plants moist to wet.

Other Winter growing species such as *D. ramentacea*, *cistiflora* and *pauciflora* will begin to enter dormancy. Reduce watering.

Tropical and sub-tropical species will be in growth. Keep protected from frost.

Temperate *Drosera* such as *D. filiformis*, *intermedia* and *rotundifolia* will end their dormancy and begin to grow and flower.

DROSOPHYLLUM

Drosophyllum will be in active growth and requires frequent feeding. In the absence of insect prey, a 1/4 strength urea free liquid fertiliser applied to the leaves is fine. *Drosophyllum* tolerates higher soil moisture levels during the cooler months and may be watered using the tray method. As temperatures increase, reduce watering and keep the soil just moist. Flowering commences in Spring. Flowers are self fertile.

GENLISEA

Genlisea should be in flower and active growth. Keep the water levels high. Keep warm and protect from frost.

HELIAMPHORA

Keep plants in a bright and humid location. Light levels may be increased with the cooler nights. Feed with 1/4 strength urea free liquid fertiliser.

NEPENTHES

Spring is a great time for Nepenthes. Aim to keep the lowland plants above 15°C. Spotting of the leaves is a sign of temperatures being too low. Highland species enjoy the cooler nights and will continue to grow. Keep plants above 5°C.

PINGUICULA

Most Mexican species/hybrids are dormant. Look out for the Summer carnivorous leaves in the coming months. Keep the soil drier until growth resumes. Some of the non-carnivorous leaves may be removed for leaf cuttings.

Warm-temperate species such as *P. primuliflora* and *P. lusitanica* will continue growth. Flowering occurs in the Spring. Keep the water up to *P. primuliflora* and take leaf cuttings.

RORIDULA

Roridula is in active growth. Flowering occurs in winter and spring. Sow seed now onto moist peat/sand. Germination may take 3-8 weeks. Keep the soil moist and place in very bright situations. Ensure good air circulation to avoid fungal attack of the seedlings.

SARRACENIA

All *Sarracenia* species/hybrids will resume growth with fresh leaf shoots and flowers. *Sarracenia flava* and *oreophila* species look their best in spring. Increase the water level / frequency and keep in full sun.

UTRICULARIA

Most terrestrial *Utricularia* will be in active growth and flower. Keep moist to wet.

Aquatic *Utricularia* will resume growth.

Winter growing species, such as *U. multifida* and *menziesii* will begin to end their growing cycle and go dormant as temperatures increase and soils dry out.

Tropical *Utricularia* - Maintain higher temperatures, humidity and air movement. Keep soil moist.

MERCHANDISE

CONTACT CARDS

The Society now produces a business sized card with all our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

SMOKE DISCS

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc., that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Marlon Maclean at marlonjamesmaclean@gmail.com

SEED BANK

Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Manager is Marlon Maclean at marlonjamesmaclean@gmail.com. The seed bank list is contained at the end of this newsletter.

POTTING MIXES

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased at meetings or events.

THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for \$35 and to non-members for \$40. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at auscps@gmail.com to order.

FIELD GUIDE TO THE CARNIVOROUS PLANTS OF SYDNEY AND THE BLUE MOUNTAINS

MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a non-profit organisation formed in December 2002 to promote the education, cultivation and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank and merchandise, ability to sell plants on official stalls at which the society participates, free entry to our Annual Show competition, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$25 per year (valid email address is required). Payment options are detailed below:

CASH, MONEY ORDER OR CHEQUE

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:

Membership Secretary
Australasian Carnivorous Plant Society Inc.
